

# HASLAR MARINA

At Haslar Marina, we provide a one-stop shop for all boat repair and maintenance tasks, from antifouling and polishing to GRP repair and engineering services.

We can lift, store and launch motorboats at our powerboat centre. Our team can visit your boat in the marina for work including engine servicing, winch and windlass replacement, gel and GRP repairs, interior finishing and deck hardware. We can help you with onboard tasks large and small, right through to a full refit. Let our experienced engineers and boatbuilders take the faff out of boat ownership – one call and we'll sort it all.
